Community Needs Assessment Survey

What are some of the issues you are facing concerning teaching language in your Community School, Public School, or your community at large?

What would you like to see from the Education Language Initiative through Wolastoqey Tribal Council Inc.? (EX: Resource website or share point like Google Drive or MS Teams.)

Do you have ample access to language materials and resources at your Community School, Public School, or the community at large?

Would you be interested in sitting on an education language committee relevant to the grade level(s) with which you currently work?
